

Cultivating Visionary Leadership Courses

02

Course 2 – The Deep Leadership Transformation

3 Month bi-weekly classes in the wilderness + final evaluation day, with virtual classes on the alternating weeks.

Course Length: Typically, 40 hours total time

Cost: \$8,717 / person + tax
(Typically, 3-4 participants)

Learning Outcomes:

- Methods for fostering inclusive dialogue that generate belonging beyond the human element.
- The ability to connect current business practises to the impacts they have on the environment.
- Identify traditional business systems and processes that work against the environment.
- Become a practitioner of circular dialogue discussion practice.
- Connecting personal wellbeing to the environment.
- Generating tangible metrics for Corporate Social Responsibility (CSR).
- Awareness of LEAN operations practices and waste elimination principles.
- Tools to move towards the complexity in living systems.
- Connecting to deep-rooted belonging as one within the ensouled wilderness.
- Introductory understanding of supply chain and value stream mapping

“Do unto those downstream as you would have those upstream do unto you.”
– **Wendell Berry**

How participants will be evaluated:

- Ability to identify connections between the participant’s actions and the real impacts on the environment locally and regionally.
- Effective engagement in circle dialogue practice.
- Ability to cultivate inclusive dialogue and language.
- Whether there is heartfelt investment in the group activities.
- There will be discussion topics and application activities. Participants will be expected to complete their assignments and show up to the following class prepared to share.
